#### FAMILY BACKGROUND

My NAME are: Josephine Kisaru I am last born out of four with other six step brothers and sister in our polygamous family.

I came from a family that did not know the importance of education. For I am the first to be educated. I had ~~had~~ tried all my best so that I will get well wishes.

Having come from humble family and score better marks make me fit for nosim initiatives to pay my attention of being needy for my school fees. For that I know God will enable you to support me and may God bless you. Thank you. I'm looking forwards for your reply

FROM: YOUR FAITHFULLY
